1. A reconciliation of non-GAAP measures to the most directly comparable GAAP measure, where available, is in our earnings release found at investors.hpe.com
2. Free cash flow = cash flow from operations less net capital expenditures = net capital expenditures + investments in property, plant and equipment less proceeds from the sale of property, plant and equipment
3. Reconciliation of Cash Flow from Operations to Free Cash Flow is included in the Q3 earnings presentation found at investors.hpe.com
4. Adjusted to eliminate the effects of currency
5. AAS orders are an overlay across all business segments contributing to HPE’s consumption-based services (both recurring and non-recurring revenues), and includes hardware, as well as GreenLake as-a-Service, Aruba SaaS, CMS SaaS, and other Software assets
6. ARR represents the annualized value of all recurring net GreenLake services revenue, related financial services revenue (which includes rental income for operating leases and interest income for capital leases), and software-as-a-Service (SaaS) subscriptions, and other as-a-Service offerings recognized during a quarter and multiplied by four.

Reinstating share repurchases with continued focus on long-term shareholder value creation
