

Package Contents

- Plastic access point covers (20)
- AP-305-CVR-20 Installation Guide

Introduction

The AP-305-CVR-20 cover clips into the exterior of the access point, offering a practical and aesthetic solution for concealment and customization.

Installing the AP-305-CVR-20

1. Align the cover with the access point so that the LED display on the access point is matched with the LED slots on the cover.
2. Fit the bottom corners of the cover around the access point, then press the cover onto the access point until all corners are securely clipped into place.
