HPE Digital Learner—Solution Partner Edition
In today’s highly competitive and ever-evolving technology sector, skills and certification are measures of commitment, motivation, and expertise on a specific platform. HPE Digital Learner—Solution Partner Edition provides in-depth knowledge, skills, and exam preparation to develop technology expertise and to accelerate the certification process.

The HPE Digital Learner—Solution Partner Edition is created exclusively for HPE Partner Ready Solution and HPE Partner Ready for Services Delivery providers. It is a subscription-based, learning-as-a-service solution, which covers a vast array of HPE technology, industry technology, and business skills training. Built on the foundation of the HPE Digital Learner Silver subscription, it includes a state-of-the-art online learning platform and self-paced, modular design. HPE Digital Learner—Solution Partner Edition offers unlimited access to eLearning and accommodates various skill levels. It includes the perfect blend of learning support tools to fit individual schedules, learning styles, and needs. Partners focus on the exact training they need to achieve HPE and industry certification goals.

Completing technical and sales certifications helps meet HPE Partner Ready Program compliance requirements and drives more business. Partners who complete their certifications generate greater customer confidence and add true value to the business—including more sales.

HPE Digital Learner—Solution Partner Edition helps partners build and foster high quality skills, cross train in modern technologies, achieve desired certifications, and keep up with ever-changing technologies. By providing opportunities for continual improvement and career development, HPE Digital Learner—Solution Partner Edition boosts morale and is conducive to personal growth. Individuals build important skills and provide greater impact to the business. They learn what they need, when they need it, and can earn high value certifications—at their own pace—anytime, anywhere. For the partner organization and the individual, HPE Digital Learner is a win-win.

HPE Digital Learner—Solution Partner Edition exam preparation training spans popular HPE Accredited Technical Professional (ATP) and Accredited Solutions Expert (ASE) certifications, as well as highly desirable business, desktop, and IT professional certifications. HPE Digital Learner’s certification preparation takes advantage of a mix of self-paced eLearning courses, eBooks, videos, test preparation, and SME/mentoring access. It also includes an expansive library of non-certification eLearning for skills development.
