HP-UX `OnlineDiag` (Online Diagnostics), HP-UX Support Tools Manager (STM), and HP-UX Event Monitoring Service (EMS) Supported Versions Reference Document

HP-UX 11i v1, HP-UX 11i v2, and HP-UX 11i v3

This document provides a matrix listing of the currently supported versions and End of Support (EOS) versions of HP-UX `OnlineDiag` (Online Diagnostics), HP-UX Support Tools Manager (STM), and HP-UX Event Monitoring Service (EMS) or commonly referred as Online Diagnostics. It is intended to assist you in determining, whether the versions of `OnlineDiag` (Online Diagnostics) you are using are currently supported by Hewlett Packard Enterprise, the level of support, and the duration of support for each version being provided.

HPE secure development lifecycle

Starting with HP-UX 11i v3 March 2013 update release, HPE secure development lifecycle provides the ability to authenticate HP-UX software. Software delivered through this release has been digitally signed using HPE's private key. You can now verify the authenticity of the software, before installing the products, delivered through this release.

To verify the software signatures in signed depot, the following products must be installed on your system:

- B.11.31.1303 or later of SD (Software Distributor)
- A.01.02.00 or later of HP-UX Whitelisting (`WhiteListInf`)

To verify the signatures, run: `/usr/sbin/swsign -v -s <depot_path>`

For more information, see Software Distributor documentation at <http://www.hpe.com/info/sd-docs>.

NOTE: Ignite-UX software delivered with HP-UX 11i v3 March 2014 release or later supports verification of the software signatures in signed depot or media, during cold installation. For more information, see Ignite-UX documentation at <http://www.hpe.com/info/ignite-ux-docs>.

1 Reference notes

Refer the following sections for more information on HP-UX, HP-UX `OnlineDiag` (Online Diagnostics), HP-UX Support Tools Manager (STM), and HP-UX Event Monitoring Service (EMS) or commonly referred as **Online Diagnostics**, as products and their support policies.

Support policies for HP-UX

For more information about support policy of HP-UX, see **[HP-UX Support Policy](#)**.

Support policies for `OnlineDiag` (Online Diagnostics)

Following are the user specific reference notes for currently supported and older versions of `OnlineDiag` (Online Diagnostics):

- `OnlineDiag` (Online Diagnostics) product is adhering to HP-UX support policy.
- `OnlineDiag` (Online Diagnostics) releases the new product version through Operating Environment (OE) or Application Release (AR) media or `WBEMMgmtBundle`.
- During the time frame of HP-UX support period, `OnlineDiag` (Online Diagnostics) is supported as per the following format:
 - ***HP-UX 11i v3: Only latest version*** is supported.

TIP: You can refer [Table 2 \(page 7\)](#) for more details.

- The exact End of Support (EOS) date for the month indicated in the support matrix is the end of each mentioned month.

NOTE: `OnlineDiag` (Online Diagnostics) monitoring mode is not supported on HPE Integrity BL860c i2, BL870c i2 and BL890c i2 Server Blades, rx2800 i2, Integrity Superdome 2, Integrity BL860c i4, BL870c i4, BL890c i4, rx2800 i4, and rx2900 i4.

TIP: For more information on HP-UX `OnlineDiag` (Online Diagnostics), HP-UX Support Tools Manager (STM), and HP-UX Event Monitoring Service (EMS) or Online Diagnostics documents, see manuals for HP-UX Support Tools Manager (STM) and online diagnostics software at: **[Manuals for HP-UX Support Tools Manager \(STM\) and Online Diagnostics Software](#)**.

NOTE: If you have the latest *HP-UX 11i v3* Operating Environment (OE) media/ISO file or `WBEMMgmtBundle` version, you can update only `OnlineDiag` (Online Diagnostics) version from the specified depot location:

```
# swinstall -x autoselect_dependencies=false -x
enforce_dependencies=false -s <DVD mount point | WBEMMgmtBundle depot
file> OnlineDiag
```

Important policy notes on Division Support Period (DSP) and Services Support Period (SSP)

The following are the important reference policy notes on Division Support Period (DSP) and Services Support Period (SSP) for HP-UX 11i v1, HP-UX 11i v2, and HP-UX 11i v3 release versions.

**IMPORTANT:**

- For HP-UX 11i v3 — The **DSP (Division Support Period)** and the support date as per DSP for HP-UX 11i v3 version, is only till **December 2025**.
 - HP-UX 11i v2 and HP-UX 11i v1 versions are no more supported:
 - The **DSP (Division Support Period)** and the support date as per DSP for HP-UX 11i v2 or HP-UX 11i v1 versions, were only till **December 2015**.
 - The **SSP (Services Support Period)** and the support date as per SSP for HP-UX 11i v2 or HP-UX 11i v1 versions, are only till **December 2017**.
 - The End of Support (EOS) dates mentioned for each instances in this document are referring to **DSP (Division Support Period)** support dates.
-

2 Updating support tools (releases and patches)

This document is used for the verification of different releases, their versions and information given in the support tools.

Supported versions reference listing

Supported versions reference listing are useful in analyzing, referring and determining the features which have been included in your version of HP-UX `OnlineDiag` (Online Diagnostics), HP-UX Support Tools Manager (STM), and HP-UX Event Monitoring Service (EMS) hardware monitors, using the following tables. Each version includes all the changes and enhancements made in all the previous versions and Support Tools Manager (STM) patches.

TIP: The only exception may occur, if a patch is released after the release of the diagnostics and the version of Support Tools Manager (STM) on that release may not include the changes made in that patch.

NOTE: Following are the important reference notes for `OnlineDiag` (Online Diagnostics) supported versions reference listing.

- The values denoted by **xx** in the tables throughout this document are for internal use only. These digits are used internally by the lab to track minor differences in versions. Users can ignore these digits.
- For a list of the required patches, see `DIAGNOSTIC.readme` file for the release.
- To refer and validate the features included in your version of `SysFaultMgmt` (System Fault Management) (SFM), see the latest version of HP-UX `SysFaultMgmt` (System Fault Management) (SFM) supported versions reference documentat: **[HP-UX SysFaultMgmt \(System Fault Management\) \(SFM\) Supported Versions Reference Document](#)**.

Supported versions of Support Tools Manager (STM) and Event Monitoring Service (EMS) hardware monitors

The following sections list all the versions of Support Tools Manager (STM) and hardware monitors of Event Monitoring Service (EMS), which are supported.

For HP-UX 11i v3

The following [Table 2 \(page 7\)](#) lists all those HP-UX 11i v3 versions for Support Tools Manager (STM) and hardware monitors of Event Monitoring Service (EMS), which are currently supported.

Table 2 Table for current Support Tools Manager (STM) supported versions and Event Monitoring Service (EMS) hardware monitors for HP-UX 11i v3

Support Tools Manager (STM) version	Distribution	Release date	Software depot IDs (swlist)	Event Monitoring Service (EMS) version	More information
D.15.00	HWE 1503	March 2015	B.11.31.23.02	A.04.20.31.08	Release Notes for <u>Support Tools Manager (STM) 11.31</u> Release Notes for <u>Event Monitoring Service (EMS) 11.31</u>

Older versions of Support Tools Manager (STM) and Event Monitoring Service (EMS) Hardware Monitors

The following sections list all the versions of Support Tools Manager (STM) and hardware monitors of Event Monitoring Service (EMS), which are now old and not supported.

For HP-UX 11i v3

The following [Table 3 \(page 8\)](#) lists all those HP-UX 11i v3 versions for Support Tools Manager (STM) and hardware monitors of Event Monitoring Service (EMS), which are now old and not supported.

3 Documentation feedback

Hewlett Packard Enterprise is committed to providing documentation that meets your needs. To help us improve the documentation, send any errors, suggestions, or comments to Documentation Feedback (docsfeedback@hpe.com). When submitting your feedback, include the document title, part number, edition, and publication date located on the front cover of the document. For online help content, include the product name, product version, help edition, and publication date located on the legal notices page.

More on HP-UX documentation

For more information on documentation and other manuals of Diagnostics, WBEM providers, HP-UX `OnlineDiag` (Online Diagnostics), HP-UX Support Tools Manager (STM), and HP-UX Event Monitoring Service (EMS), see [Diagnostics Home](#) or [HP-UX Online Diagnostics Software](#) and look for the desired title or documents.

Support policy for HP-UX

For more information about support policy for HP-UX, see [HP-UX Support Policy](#).
