OPENVMS AND HPE INTEGRITY SERVERS ROADMAP

September, 2020

FORWARD LOOKING STATEMENT

This document contains forward looking statements regarding future operations, product development, product capabilities and availability dates. This information is subject to substantial uncertainties and is subject to change at any time without prior notification. Statements contained in this document concerning these matters only reflect Hewlett Packard's predictions and / or expectations as of the date of this document and actual results and future plans of Hewlett-Packard may differ significantly as a result of, among other things, changes in product strategy resulting from technological, internal corporate, market and other changes. This is not a commitment to deliver any material, code or functionality and should not be relied upon in making purchasing decisions.

HPE INTEGRITY SERVERS STANDARD SUPPORT LIFE-CYCLE

2019 2020 2021 2022 2023 2024 2025

HPE Integrity BL8x0c Blade Server

HPE Integrity rx2800 server

- Standard support (aka Division support) will be available through at least the dates shown above
- Extended Support (aka Services support) is based on spares availability and liable to change at anytime
- End of Support Life is reached when further Services support is unavailable
- Please contact your HPE Sales rep for End of support life information
- An external lifecycle and support matrix can be found at: www.hpe.com/info/hpuxservermatrix

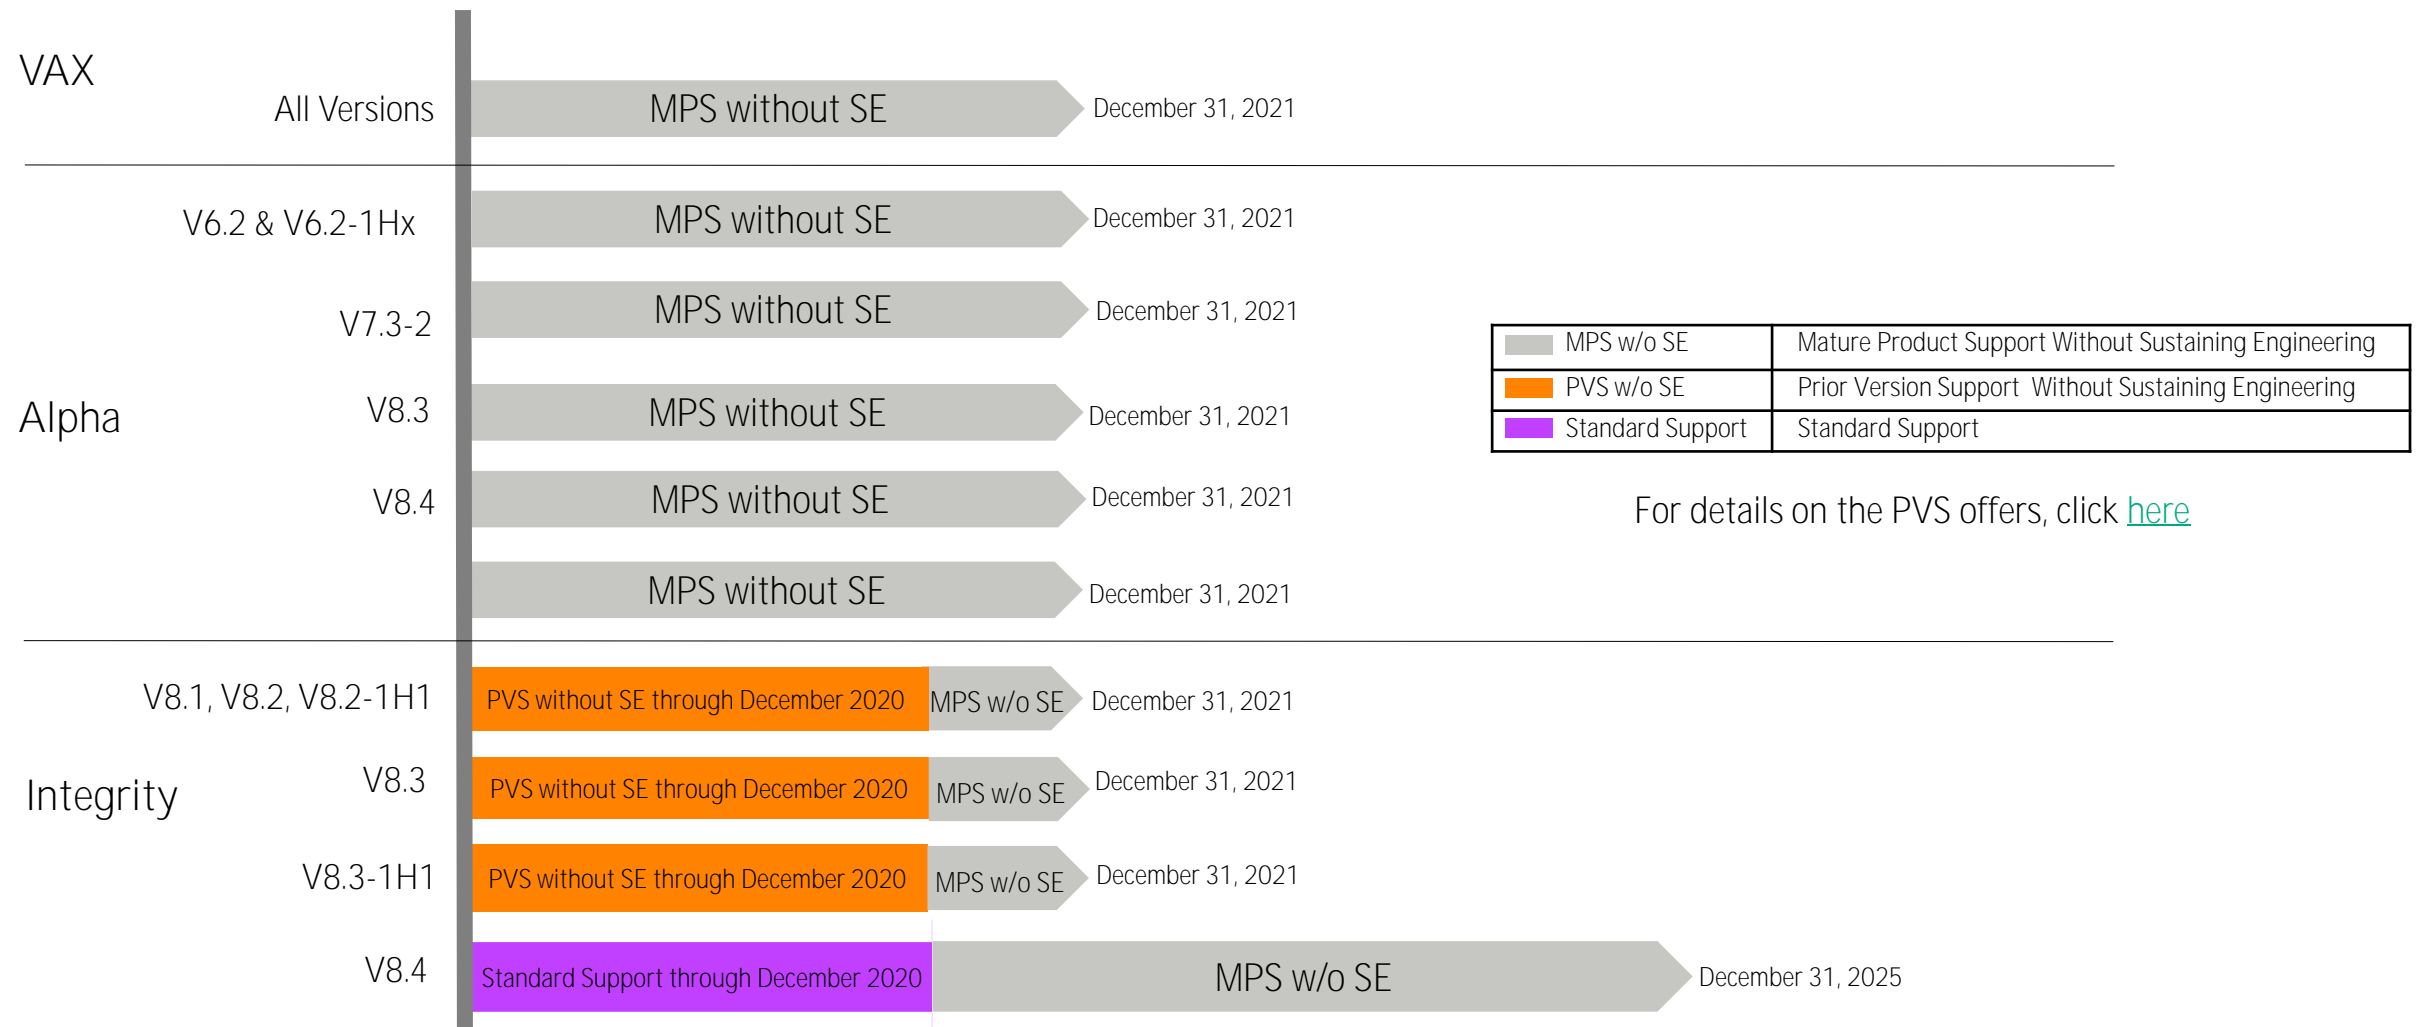

¹ After the end of Standard support, HPE PointNext will continue to provide Extended support until the eventually determined End of Support Life date

² BL860c i2 end of standard support is Mar 31, 2021

- Arrows mean the version is supported “at least until” the latest dates above. Support may be extended beyond these dates.

Subject to change without notice

VSI OPENVMS SERVICE SUPPORT ROADMAP

Notes:

- Planning is underway now for release and support dates of future VSI OpenVMS versions.
- VSI OpenVMS is developed by VSI. As a result, VSI is responsible for the content and schedules associated with VSI OpenVMS versions. You can find more information at: www.vmssoftware.com
- VSI offers PVS w/o SE for a minimum of two years on each version of VSI OpenVMS. Beyond this period, the support dates are subject to change. Please contact VSI for more details.
- VSI offers Extended Engineering Support (EES) for earlier versions that are on PVS w/o SE. Please contact VSI for more details.
