Features

- HPE Storage Plug-in for VMware vRealize Log Insight integrates with VMware vRealize™ Log Insight (vRLI) to extend log management and analysis to Hewlett Packard Enterprise storage systems in addition to VMware environment.
- HPE Storage Plug-in for VMware vRealize Log Insight takes advantage of the pre-defined queries and alerts to simplify and provide meaningful insights from terabytes of log data and correlate events across multiple tiers of a hybrid cloud environment in a single location, cutting down troubleshooting times, improving operational efficiency and reducing IT costs.
- HPE Storage Plug-in for VMware vRealize Log Insight provides Log Insight support for HPE 3PAR StoreServ Storage Systems only. HPE Storage Plug-in for VMware vRealize™ Log Insight 1.4 supports VMware vRLI 4.5 and later.
- The HPE Storage Plug-in for VMware vRealize Log Insight is created using the HPE 3PAR Alerts Reference: Customer Edition HPE 3PAR OS 3.2.1 MU3. The content pack is signed using the GPG signing tool and the signature file (.sig) can be found in the zip file.
- The signature can be validated using the GPG tool for the downloaded version of content pack. HPE Storage Plug-in for VMware vRealize Log Insight include dashboards, pre-defined fields, queries, and alerts.
- UI rebranded to HPE Storage Plug-in.
- Support for vRLI 4.5.0, 4.5.1, 4.7.0, 4.7.1, and 4.8.0.

Known Issues

None

Documentation feedback

Hewlett Packard Enterprise is committed to providing documentation that meets your needs. To help us improve the documentation, send any errors, suggestions, or comments to Documentation Feedback (docsfeedback@hpe.com). When submitting your feedback, include the document title, part number, edition, and publication date located on the front cover of the document. For online help content, include the product name, product version, help edition, and publication date located on the legal notices page.
