

Supplier SER requirements

The following Supplier social and environmental responsibility (SER) requirements apply to any Supplier doing business with Hewlett Packard Enterprise (HPE) and are part of any contract with an HPE legal entity that obligates a Supplier to comply with HPE's SER requirements or policies, including the Supplier Code of Conduct. For purposes of this section, the term "Supplier" refers to any party who provides goods or services for HPE's internal use or in connection with a product that is sold, provided, or marketed by HPE.

Supplier represents and warrants that they will

1. Comply with all applicable laws and regulations and require their Suppliers to do the same (including labor agencies)
2. Read and understand [Hewlett Packard Enterprise's Supply Chain Social and Environmental Responsibility Policy](#)
3. Read and understand [Hewlett Packard Enterprise Supplier Code of Conduct](#), [Hewlett Packard Enterprise Student and Dispatch Worker Standard for Supplier Facilities in the People's Republic of China \(PRC\)](#), and [Hewlett Packard Enterprise Supply Chain Foreign Migrant Worker Standard](#), as applicable
4. Comply with applicable environmental specifications and requirements set forth in [HPE's General Specification for the Environment \(GSE\)](#)

Promptly upon request by HPE, Supplier agrees that they will

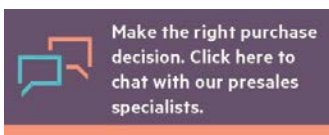

1. Review and sign [HPE's Supplier Social & Environmental Responsibility Agreement](#)
2. Complete the [Supplier Self-Assessment Questionnaire](#)
3. Cooperate in periodic on-site audits and assessments
4. Provide clear and accurate reporting to HPE

Instructions to complete and submit the online SAQ

If requested by HPE, access the RBA-ON platform using the instructions provided with the invitation. Register the appropriate facility or corporate information and complete your SAQ. Within the platform, please share your SAQ with HPE by granting access rights.

Further instructions are available in the online [RBA-ON](#) tool.
