

# AMD INSTINCT MI100 PCIE GRAPHICS ACCELERATOR FOR HPE (R4W72A)

## Computational and Graphics Accelerators for Servers

---

### WHAT'S NEW

- AMD Instinct MI210 accelerators are engineered from the ground up for the era of exascale computing, supercharging HPC and AI workloads to propel new discoveries.

### OVERVIEW

AMD accelerators offer exceptional compute performance and performance-per-watt to help accelerate machine intelligence and HPC workflows (Instinct) found in academic and government clusters, oil and gas industries, and deep neural networks.

## FEATURES

### AMD Instinct for Superior Training Accelerator for Machine Intelligence and Deep Learning

True heterogeneous solution designs for HPC. Accelerate your discovery with fast, accurate performance powered by system designs that scale to today's HPC workload requirements efficiently by providing true heterogeneous compute.

## Technical specifications

### AMD Instinct MI100 PCIe Graphics Accelerator for HPE

<b>Product Number</b>	R4W72A
<b>Peak Double Precision Performance</b>	NA
<b>Peak Single Precision Performance</b>	32 TFlops
<b>Number of accelerators per card</b>	1
<b>Cores</b>	7680
<b>Memory size per board</b>	32 GB HBM2
<b>Memory bandwidth for board</b>	Up to 1.2 TB/s
<b>Accelerator applications</b>	HPC applications
<b>Architecture features</b>	AMD Instinct™ MI100 accelerators supercharge AI and HPC workloads with their purpose-built AMD CDNA architecture providing powerful compute, high bandwidth memory and I/O including expanded topology capabilities, and the ROCm™ open ecosystem environment enables giving developers the choice to code once and use it everywhere. Delivering the open path to exascale.
<b>System</b>	HPE Apollo/Integrity/SGI
<b>Product Dimensions (metric)</b>	24.13 x 19.68 x 9.53 cm
<b>Weight</b>	0.68 kg

## HPE POINTNEXT SERVICES

[HPE Pointnext Services](#) brings together technology and expertise to help you drive your business forward and prepare for whatever is next.

### Operational Services from HPE Pointnext Services

[HPE Pointnext Tech Care](#) provides fast access to product-specific experts, an AI-driven digital experience, and general technical guidance to help enable constant innovation. We have reimagined IT support from the ground up to deliver faster answers and greater value. By continuously searching for better ways to do things—as opposed to just fixing things that break—HPE Pointnext Tech Care helps you focus on achieving your business goals.

[HPE Pointnext Complete Care](#) is a modular, edge-to-cloud IT environment service that provides a holistic approach to optimizing your entire IT environment, and achieving agreed upon IT outcomes and business goals through a personalized and customer-centric experience. All delivered by an assigned team of HPE Pointnext Services experts.

**HPE Integration and Performance Services** help you customize your experience at any stage of your product lifecycle with a menu of services based on individual needs, workloads, and technologies.

- Advise, design, and transform
- Deploy
- Integrate and migrate
- Operate and improve
- Financial Services
- Greenlake Management Services
- Retire and sanitize
- IT Training and personal development

### Other related services

[HPE Education Services](#) delivers a comprehensive range of services to support your people as they expand their skills required for a digital transformation. Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.

**Defective Media Retention** is optional and allows you to retain Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

## HPE GREENLAKE

[HPE Greenlake](#) is HPE's market-leading IT as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model. HPE GreenLake delivers public cloud services and infrastructure for workloads on premises, fully managed in a pay per use model.
