OVERVIEW

Hewlett Packard Enterprise is redefining the small business server. Your server, operating system and applications should all come together. Now they do. ClearOS Software from HPE is now available with HPE servers. ClearOS is an intuitive operating system with applications and services to create solutions like Network Attached Storage (NAS), gateway, and media streaming. With ClearOS, you have the technology you need to run your business. There is no upfront cost – you only pay for the software and support you value or need. HPE servers with ClearOS software makes technology simple, secure, and affordable for small business.

FEATURES

ClearOS - Simple, Secure and Affordable

Consolidate expensive gateway and network systems into a low cost integrated server.

Built-in application marketplace with over 100 different applications and services.

An intuitive, graphical, web-based user interface with easy to understand dashboard and reports.

Automated patches, fixes and updates with a selection of security applications.

Subscriptions and support available - pay as you go only for the software and support you need.

HPE POINTNEXT SERVICES

[HPE Pointnext Services](#) brings together technology and expertise to help you drive your business forward and prepare for whatever is next.

Operational Services from HPE Pointnext Services

[HPE Pointnext Tech Care](#) provides fast access to product-specific experts, an AI-driven digital experience, and general technical guidance to help enable constant innovation. We have reimagined IT support from the ground up to deliver faster answers and greater value. By continuously searching for better ways to do things—as opposed to just fixing things that break—HPE Pointnext Tech Care helps you focus on achieving your business goals.

[HPE Pointnext Complete Care](#) is a modular, edge-to-cloud IT environment service that provides a holistic approach to optimizing your entire IT environment, and achieving agreed upon IT outcomes and business goals through a personalized and customer-centric experience. All delivered by an assigned team of HPE Pointnext Services experts.

HPE Integration and Performance Services help you customize your experience at any stage of your product lifecycle with a menu of services based on individual needs, workloads, and technologies.

- Advise, design, and transform
- Deploy
- Integrate and migrate
- Operate and improve
- Financial Services
- Greenlake Management Services
- Retire and sanitize
- IT Training and personal development

Other related services

[HPE Education Services](#) delivers a comprehensive range of services to support your people as they expand their skills required for a digital transformation. Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.

Defective Media Retention is optional and allows you to retain Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

HPE GREENLAKE

[HPE Greenlake](#) is HPE's market-leading IT as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model. HPE GreenLake delivers public cloud services and infrastructure for workloads on premises, fully managed in a pay per use model.
