

HPE ML110 GEN10 550W ATX POWER SUPPLY KIT (874009-B21)

Server Power Supplies

OVERVIEW

HPE Multi-Output Power Supplies provide lower-cost options for customers needing enterprise class efficiency and reliability while maintaining the lowest possible hardware costs. Some Multi-Output options are designed specifically for an HPE server, while some options are compatible with multiple HPE servers. HPE 550W FIO Server Power Supply is 80PLUS Gold-certified (92%) [1] with an enhanced set of features for non-redundant power configurations for HPE ProLiant DL and ML 10/100 Gen10 server series, as well as HPE ProLiant ML350 Gen10 Server.

FEATURES

Enterprise efficiency and reliability, entry-level price

Platinum level certification by 80Plus program and the EPRI ensures the highest level of power efficiency (up to 92%) for a Multi-Output power supply

Tool-less, swappable power supply provides fast, easy access for improved serviceability

Designed, tested, and certified to the same specifications as HPE Common Slot power supplies, providing Enterprise class reliability

Technical specifications

HPE POINTNEXT SERVICES

[HPE Pointnext Services](#) brings together technology and expertise to help you drive your business forward and prepare for whatever is next.

Operational Services from HPE Pointnext Services

[HPE Pointnext Tech Care](#) provides fast access to product-specific experts, an AI-driven digital experience, and general technical guidance to help enable constant innovation. We have reimagined IT support from the ground up to deliver faster answers and greater value. By continuously searching for better ways to do things—as opposed to just fixing things that break—HPE Pointnext Tech Care helps you focus on achieving your business goals.

[HPE Pointnext Complete Care](#) is a modular, edge-to-cloud IT environment service that provides a holistic approach to optimizing your entire IT environment, and achieving agreed upon IT outcomes and business goals through a personalized and customer-centric experience. All delivered by an assigned team of HPE Pointnext Services experts.

HPE Integration and Performance Services help you customize your experience at any stage of your product lifecycle with a menu of services based on individual needs, workloads, and technologies.

- Advise, design, and transform
- Deploy
- Integrate and migrate
- Operate and improve
- Financial Services
- Greenlake Management Services
- Retire and sanitize
- IT Training and personal development

Other related services

[HPE Education Services](#) delivers a comprehensive range of services to support your people as they expand their skills required for a digital transformation. Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.

Defective Media Retention is optional and allows you to retain Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

HPE GREENLAKE

[HPE Greenlake](#) is HPE's market-leading IT as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model. HPE GreenLake delivers public cloud services and infrastructure for workloads on premises, fully managed in a pay per use model.
