

HPE Networking Instant On Access Points AP22

HPE Networking Instant On Indoor Access Point 2x2 Wi-Fi 6 (RW1) AP22 (SOG23A)

Что нового?

- Wi-Fi 6 for high performance and efficiency
- Supports up to 75 associated clients
- Support for WPA2/WPA3 protected employee and guest login with Enhanced Open for per user guest access

Обзор

HPE Networking Instant On Access Points AP22 delivers affordable, business-grade 802.11ax Wi-Fi for high performance, high density small business environments. Business-grade capabilities are designed to meet the growing number of mobile, IoT, and security needs.

The compact form factor of the AP22 delivers multi-user capabilities and a maximum aggregate peak data rate of 1.2 Gbps for high-definition video streaming and cloud application requirements. Everything from mounting hardware to easy-to-use web and mobile app management tools, and business-grade software features are included; no extra charge or need for external controllers.

Функции

Incredible Efficiency with Wi-Fi 6

HPE Networking Instant On Access Points AP22 includes an easy-to-use web GUI and templates; access points are simple to deploy and are up and running in minutes.

HPE Networking Instant On Access Points AP22 supports the Wi-Fi 6 standard, including features such as orthogonal frequency-division multiple access (OFDMA) and bi-directional MIMO (MIMO).

HPE Networking Instant On Access Points AP22 support features Target Wake Time (TWT) that help establish a schedule when clients need to communicate with an AP.

Reduce High Cost of Cabling with Full-scale Wireless Mesh Coverage

HPE Networking Instant On Access Points AP22 have built-in wireless mesh capabilities to cost-effectively extend Wi-Fi connectivity without additional cables.

Conveniently expands your network to hard-to-wire areas – nearly eliminating spotty connections and dead zones, providing Wi-Fi where you need it.

Safeguard Sensitive Data with WPA2/WPA3 and Enhanced Open

HPE Networking Instant On Access Points AP22 comes with integrated Wi-Fi Alliance security standard WPA2/WPA3 and Enhanced Open support for protected wireless access.

HPE Networking Instant On Access Points AP22 comes with integrated router, gateway, and firewall functionality.

Create up to eight different SSIDs under one network name to keep your data safe, whether surfing the web or checking HR data.

Block undesired applications and websites with greater traffic visibility without the need for any external gateway or additional costs; the control is at your fingertips.

Creates a Custom Guest Access Experience

HPE Networking Instant On Access Points AP22 are ideal for single or distributed small business sites such as graphic design firms, cafés, restaurants, and other Wi-Fi hotspots.

Simple to build landing page allows customization of your guest access page with your own brand and logo.

Gain insights into customers with third party captive portal integration with partners like Skyfii, Purple, Aislelabs, and Wavespot.

Product Number	SOG23A
Модель	In the Box: HPE Networking Instant On Access Point Quick Start guide Combined ceiling and wall rail mount clip Ethernet cable Add PoE or DC power source Regulatory domain of India
Антенна Wi-Fi	Antennas: Down-tilt Dual Omni-directional 2x2 MIMO Antenna Gain: 4.9 dBi in 2.4 GHz 5.7 dBi in 5 GHz Maximum transmit power: 5 GHz band: +21 dBm (+18 dBm per chain, 3 dB MIMO gain) 2.4 GHz band: +20 dBm (+17 dBm per chain, 3 dB MIMO gain)
Сертификаты и соответствие требованиям	Wi-Fi Alliance certified (WFA) 802.11ax with (Wi-Fi 6), WPA2, WPA3
Гарантия	Instant On 2-year warranty with 24X7 phone support for first 90 days and chat support for the entire warranty period. Community support as long as you own the products.
Вес	500 g
Размеры продукта (метрическая система)	37x 160 x 160 mm
Напряжение на входе	Power over Ethernet (PoE): 802.3af (class 3) DC power (12V) Note: Power sources are sold separately unless you purchase the bundle SKU
Подключение, стандартное	Ultra-fast 802.11ax
Порты	1 GbE BaseT Uplink DC Power Connector Bluetooth Low Energy (BLE) LED status Indicators Reset/LED control button Kensington security slot.
Монтаж	Ceiling/Wall-mount clip
Потребляемая мощность	Max power consumption: 10.1W (PoE), 8.8W (DC)
Зона радиопокрытия	Dual-radio 802.11ax 2x2 5 GHz/2.4 GHz MIMO

HPE Services

No matter where you are in your transformation journey, you can count on HPE Services to deliver the expertise you need when, where and how you need it. From strategy and planning to deployment, ongoing operations and beyond, our experts can help you realize your digital ambitions.

Advisory & Professional services

Experts can help you map out your path to hybrid cloud and optimize your operations.

Managed services

HPE runs your IT operations, giving you unified control, so you can focus on innovation.

Support services

Optimize your entire IT environment and drive innovation. Manage day-to-day IT operational tasks while freeing up valuable time and resources.

- **HPE Complete Care Service:** a modular service designed to help optimize your entire IT environment and achieve agreed upon IT outcomes and business goals. All delivered by an assigned team of HPE experts.
- **HPE Tech Care Service:** the operational service experience for HPE products. The service provides access to product specific experts, an AI driven digital experience, and general technical guidance to help reduce risk and search for ways to do things better.
- **HPE Multivendor Services:** Single point of accountability for managing on-site hardware and software support for multivendor products. HPE experts help manage your IT across technologies and platforms for HPE and non-HPE technologies, acting as the single point of contact for your IT operational needs.

Lifecycle Services

Address your specific IT deployment project needs with tailored project management and deployment services.

HPE Education Services

Training and certification designed for IT and business professionals across all industries. Create learning paths to expand proficiency in a specific subject. Schedule training in a way that works best for your business with flexible continuous learning options

Defective Media Retention is optional and allows you to retain Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

HPE GreenLake

[HPE GreenLake edge-to-cloud platform](#) is HPE's market-leading as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model, on premises, fully managed in a pay per use model.
