HPE SANnav Management Software

HPE SANnav Global View 1-year Renewal E-LTU (S1S58AAE)

What's new

- Introducing 5-year Term-License for SANnav Management Portal and SANnav Global View Software

Overview

Would you like to visualize, manage, and analyze SAN performance and overall operational health intelligently?
As organizations race to modernize the data center to support innovation and digital transformation, storage networks are evolving faster to accommodate the new applications. Administrators, therefore, need ways to visualize and manage SAN health and performance efficiently. HPE SANnav Management Software is the next-gen SAN management application suite for HPE B-series Fibre Channel SAN environments. It consists of SANnav Management Portal Software and SANnav Global View Software. SANnav Management Portal builds the foundation for an autonomous SAN with a modernized and simple browser-based UI to monitor and streamline common workflows, such as configuration, zoning, deployment, troubleshooting, and reporting. SANnav Global View enables visualization of

health, performance, and inventory of multiple SANnav Management Portal instances using a simple yet intelligent dashboard.

Features

Simplified yet Comprehensive Manageability

Provides modern UI with intuitive use-case driven workflows for common configuration tasks.

Enhances monitoring with customizable health, performance, event, inventory, security, and status dashboards.

Troubleshoots rapidly with instant view of fabric, powerful log–analysis, historical, and real-time data.

Displays in-context topology views based on host, target, fabric, and zone.

Focused Global Visibility

Captures global inventory across geographical locations and visualizes SAN usage.

Provides a single pane-of-glass view to monitor overall SAN health, events, violations, and drifts.

Enables quick drill-down troubleshooting across local instances.

Flexible and Scalable

Implements a highly scalable client-server architecture for SAN management.

Available with flexible options of 1-year, 3-year, and 5-year term-based licensing.

Supports the existing and future HPE B-series SAN Infrastructure - 8 Gb, 16 Gb, and 32 Gb switches and directors.

Technical specifications	HPE SANnav Global View 1-year Renewal E-LTU
Product Number	S1S58AAE
Version	HPE SANnav Management Portal Base Edition (1-year, 3-year, and 5-year term-license); HPE SANnav Management Portal Enterprise Edition (1-year, 3-year, and 5-year term-license); HPE SANnav Global View (1-year, 3-year, and 5-year term-license)
Supported hardware environment	HPE B-series Fibre Channel Directors and Switches

HPE Services

No matter where you are in your transformation journey, you can count on HPE Services to deliver the expertise you need when, where and how you need it. From strategy and planning to deployment, ongoing operations and beyond, our experts can help you realize your digital ambitions.

Advisory & Professional services

Experts can help you map out your path to hybrid cloud and optimize your operations.

Managed services

HPE runs your IT operations, giving you unified control, so can focus on innovation.

Support services

Optimize your entire IT environment and drive innovation. Manage day-to-day IT operational tasks while freeing up valuable time and resources.

— **HPE Complete Care Service:** a modular service designed to help optimize your entire IT environment and achieve agreed upon IT outcomes and business goals. All delivered by an assigned team of HPE experts.

— **HPE Tech Care Service:** the operational service experience for HPE products. The service provides access to product specific experts, an AI driven digital experience, and general technical guidance to help reduce risk and search for ways to do things better.

— **HPE Multivendor Services:** Single point of accountability for managing on-site hardware and software support for multivendor products. HPE experts help manage your IT across technologies and platforms for HPE and non-HPE technologies, acting as the single point of contact for your IT operational needs.

Lifecycle Services

Address your specific IT deployment project needs with tailored project management and deployment services.

HPE Education Services

Training and certification designed for IT and business professionals across all industries. Create learning paths to expand proficiency in a specific subject. Schedule training in a way that works best for your business with flexible continuous learning options

Defective Media Retention is optional and allows you to retain Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

GreenLake

GreenLake is the cloud to run and manage your entire hybrid landscape—private, public, and edge. It helps you to:

— Streamline IT Operations across compute, storage, and networking without the chaos

— Unify and secure data, as you move faster

— Accelerate AI, from pilot to production

The result: greater operational efficiency, lower TCO, and faster AI delivery—all from one unified, intelligent platform built for today's hybrid enterprise.
