

HPE STOREOPEN AND LINEAR TAPE FILE SYSTEM (LTFS) SOFTWARE

Storage Device Management Software

WHAT'S NEW

- HPE StoreOpen Software for LTFS v3.5 is now available
- HPE StoreOpen Software for LTFS v3.5 includes support for LTO-9 drives and media

OVERVIEW

HPE StoreOpen Software for LTFS has simplified the process of using linear tape file system (LTFS) making it easier to leverage this technology. LTFS makes tape self-describing, file-based, easy-to-use, and provides users with the ability to use standard file operations on tape media for accessing, managing, and sharing files with an interface that behaves just like a hard disk. HPE StoreOpen Software for LTFS provides a native GUI with a familiar look and feel to help LTFS users on

Windows® and macOS to mount and use LTFS volumes. Linux® users access all LTFS functionality through easy-to-use command line tools.

FEATURES

Simpler and More Affordable Solution for Long-Term Archives

HPE StoreOpen Software for LTFS allows customers to store data in an open format making the tape self-describing, file-based and easier to use.

HPE StoreOpen Software for LTFS is a free download.

Access, manage, and share files with an interface that behaves just like a hard drive. Files on tape can be accessed using straight-forward drag-and-drop.

Greater Data Mobility by Simplifying the Sharing of Volume Data

HPE StoreOpen Software for LTFS provides the ability to share data across platforms, making it independent of hardware or software platforms, as you would with a USB drive or memory stick.

Compatible with Windows, Mac, and Linux it removes the need for lower level proprietary software applications.
