OVERVIEW

Are you looking for a one-stop solution for your Red Hat® environment? Red Hat Enterprise Linux from HPE offers enterprise class support for your Linux® environment providing outstanding technical expertise with fast answers and problem resolution. And you have the flexibility to tailor your solution to your individual needs with the freedom of choosing from the entire portfolio of certified and supported HPE ProLiant Servers and Storage.

FEATURES

One-stop Support

Red Hat Enterprise Linux from HPE allows you to make Hewlett Packard Enterprise your single point of purchase, contact and accountability for both hardware and software.

Receive your subscription and activate it within 30 days.

Outstanding Technical Expertise

The Red Hat Enterprise Linux from HPE provides additional, uplifted support and education services for Red Hat Enterprise Linux and offers a consistent global service experience delivered locally.

As a Platinum member of Linux Foundation, we at Hewlett Packard Enterprise understand how Linux develops and evolves and are in close collaboration with Red Hat® and the Linux® community to deliver consistent customer satisfaction.

Industry Leading Solutions

Red Hat Enterprise Linux from HPE is certified and supported across the entire HPE ProLiant Servers and Storage portfolios.

Hewlett Packard Enterprise develops reference architectures (RA) for Red Hat Virtualization and Red Hat Storage built on Hewlett Packard Servers, Converged Systems and OpenStack to anticipate customer questions and issues prior to the installation.

New Smart Management

Now Smart Management includes Satellite.

HPE POINTNEXT SERVICES

[HPE Pointnext Services](#) brings together technology and expertise to help you drive your business forward and prepare for whatever is next.

Operational Services from HPE Pointnext Services

[HPE Pointnext Tech Care](#) provides fast access to product-specific experts, an AI-driven digital experience, and general technical guidance to help enable constant innovation. We have reimagined IT support from the ground up to deliver faster answers and greater value. By continuously searching for better ways to do things—as opposed to just fixing things that break—HPE Pointnext Tech Care helps you focus on achieving your business goals.

[HPE Pointnext Complete Care](#) is a modular, edge-to-cloud IT environment service that provides a holistic approach to optimizing your entire IT environment, and achieving agreed upon IT outcomes and business goals through a personalized and customer-centric experience. All delivered by an assigned team of HPE Pointnext Services experts.

HPE Integration and Performance Services help you customize your experience at any stage of your product lifecycle with a menu of services based on individual needs, workloads, and technologies.

- Advise, design, and transform
- Deploy
- Integrate and migrate
- Operate and improve
- Financial Services
- Greenlake Management Services
- Retire and sanitize
- IT Training and personal development

Other related services

[HPE Education Services](#) delivers a comprehensive range of services to support your people as they expand their skills required for a digital transformation. Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.

Defective Media Retention is optional and allows you to retain Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

HPE GREENLAKE

[HPE GreenLake](#) is HPE's market-leading IT as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model. HPE GreenLake delivers public cloud services and infrastructure for workloads on premises, fully managed in a pay per use model.
