Обзор

Are you looking for a one-stop solution for your Red Hat® environment? Red Hat Enterprise Linux® from HPE offers enterprise class support for your Linux® environment providing outstanding technical expertise with fast answers and problem resolution. And you have the flexibility to tailor your solution to your individual needs with the freedom of choosing from the entire portfolio of certified and supported HPE ProLiant servers and storage.

Функции

Все решения в одном центре поддержки

Red Hat Enterprise Linux from HPE allows you to make HPE your single point of purchase, contact and accountability for both hardware and software.

Оформите подписку и активируйте ее в течение 30 часов.

Исключительный опыт в области технического обслуживания

Red Hat Enterprise Linux от компании HPE предоставляет дополнительные услуги расширенной поддержки и обучения для заказчиков этой системы и обеспечивает глобальный стандарт обслуживания, реализуемый всеми региональными представителями.

As a Platinum member of Linux Foundation, at HPE, we understand how Linux develops and evolves and are in close collaboration with Red Hat and the Linux community to deliver consistent customer satisfaction.

Лучшие в отрасли решения

Red Hat Enterprise Linux from HPE is certified and supported across the entire HPE ProLiant servers and storage portfolios.

HPE develops reference architectures (RA) for Red Hat Virtualization and Red Hat Storage built on HPE servers, converged systems and OpenStack to anticipate customer questions and issues prior to the installation.

HPE Services

No matter where you are in your transformation journey, you can count on HPE Services to deliver the expertise you need when, where and how you need it. From strategy and planning to deployment, ongoing operations and beyond, our experts can help you realize your digital ambitions.

Advisory & Professional services

Experts can help you map out your path to hybrid cloud and optimize your operations.

Managed services

HPE runs your IT operations, giving you unified control, so can focus on innovation.

Support services

Optimize your entire IT environment and drive innovation. Manage day-to-day IT operational tasks while freeing up valuable time and resources.

— **HPE Complete Care Service:** a modular service designed to help optimize your entire IT environment and achieve agreed upon IT outcomes and business goals. All delivered by an assigned team of HPE experts.

— **HPE Tech Care Service:** the operational service experience for HPE products. The service provides access to product specific experts, an AI driven digital experience, and general technical guidance to help reduce risk and search for ways to do things better.

— **HPE Multivendor Services:** Single point of accountability for managing on-site hardware and software support for multivendor products. HPE experts help manage your IT across technologies and platforms for HPE and non-HPE technologies, acting as the single point of contact for your IT operational needs.

Lifecycle Services

Address your specific IT deployment project needs with tailored project management and deployment services.

HPE Education Services

Training and certification designed for IT and business professionals across all industries. Create learning paths to expand proficiency in a specific subject. Schedule training in a way that works best for your business with flexible continuous learning options

Defective Media Retention is optional and allows you to retain Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

GreenLake

GreenLake is the cloud to run and manage your entire hybrid landscape—private, public, and edge. It helps you to:

— Streamline IT Operations across compute, storage, and networking without the chaos

— Unify and secure data, as you move faster

— Accelerate AI, from pilot to production

The result: greater operational efficiency, lower TCO, and faster AI delivery—all from one unified, intelligent platform built for today's hybrid enterprise.
