

Spectra TeraPack LTO-7 Ultrium Type M 22.5TB RW Non Custom Labeled 10 Data Cartridges (Q2S11A)

TeraPack Media

What's new

- LTO-9 support: up to 18 TB native capacity (up to 45 TB compressed) and native data transfer rates of up to 400 MB/s.

Overview

Because HPE offers a comprehensive data protection portfolio for Hybrid IT, it understands the requirements for current and next generation LTO Ultrium tape solutions. In particular, the importance of media reliability in providing a long term home for archive data, as well as a final safeguard against natural disasters, network or power outages, human error, or malicious acts. Spectra TeraPack Media is designed to make certain that customers have the most reliable and automated tape storage solution available. Our approach places the emphasis on ongoing enhancements and features that simplify virtually all aspects of the media management process.

Features

Reliable Archival Storage and Restore

Only the highest quality media becomes Spectra TeraPack Media. This makes certain you have the most reliable and worry-free data protection possible.

Spectra TeraPack Media also undergoes a unique 'Carbide Clean' process to remove any trace of debris that may have originated during manufacturing or transportation, giving you additional peace of mind that your system will run at peak performance.

Protect

When combining Spectra TeraPack Media with HPE's Enterprise tape library integrated BlueScale® Encryption Key Management, your data is protected with a straightforward, easily installed solution.

Intelligence and Verification

Media Lifecycle Management (MLM) allows you to proactively manage your tape inventory through simple monitoring of over 40 health statistics.

Spectra TeraPack Media assures data integrity using an integrated, intelligent, and comprehensive set of Data Integrity Verification (DIV) tools to verify your data has been properly written to tape.

Ease of Management and Installation

Media is customized with individual tapes unwrapped and pre-applied barcode labels bundled in Spectra TeraPack containers, ready for bulk loading. An optional dust cover is available for off-site storage in archive.

Spectra TeraPack architecture utilizes 3D space within the library frame increasing density per square foot. Additionally, each robot operation can move up to 10 tapes at a time.

Technical specifications**Spectra TeraPack LTO-7 Ultrium Type M 22.5TB
RW Non Custom Labeled 10 Data Cartridges**

Product Number	Q2S11A
Recording technology	LTO-8 Ultrium Type M LTO-7 Initialized
Capacity	22.5 TB compressed
Media format	Re-writable media
Media labeling	Bar code labels pre-attached, varies depending on model and technology.
Quantity per Package	10
Read speed, media	400 MB/sec Maximum (native), depending on model and technology for LTO. 400 MB/sec for TS 1160.
Bit density	485 kb/inch
Archival life	30-years
Product color	Slate Blue
Tape length	960m
Tape width	12.65 mm
Tape thickness	5.6 microns
Base material	Barium Ferrite
Data tracks	5,376
Magnetic coercivity	2850 Oe
Product Dimensions (metric)	L 33 x W 20.3 x H 17.8
Weight	2.83 kg
Warranty	Limited Lifetime Warranty
