VMWARE CLOUD FOUNDATION ENTERPRISE PER CPU 1YR E-LTU (R0S72AAE)

VMware Virtualization Software

WHAT'S NEW

- VMware NSX-T network virtualization and security software are now available from HPE. VMware NSX-T editions include Professional, Advanced, and Enterprise Plus.

OVERVIEW

Hewlett Packard Enterprise certifies, supports, and offers a comprehensive portfolio of VMware® virtualization solutions designed for mission-critical enterprise computing. The portfolio includes HPE servers, consulting services, HPE GreenLake cloud services, support and VMware software licenses.

VMware software from Hewlett Packard Enterprise includes

either 1 / 3 / 4 / 5 years of 24x7 unlimited support and subscription services. With this support, customers receive installation, configuration and troubleshooting support.

FEATURES

HPE offers a range of VMware software to meet your specific needs

VMware vSphere® and VMware vCenter® for data center virtualization and management

VMware vSAN™ for storage virtualization and VMware NSX® for network virtualization and security

VMware Horizon® for virtual desktop infrastructure (VDI), apps, and online services management

VMware vRealize® to build apps reliably and consistently in any cloud

VMware Cloud Foundation™ for private and public cloud management

HPE POINTNEXT SERVICES

[HPE Pointnext Services](#) brings together technology and expertise to help you drive your business forward and prepare for whatever is next.

Operational Services from HPE Pointnext Services

[HPE Pointnext Tech Care](#) provides fast access to product-specific experts, an AI-driven digital experience, and general technical guidance to help enable constant innovation. We have reimagined IT support from the ground up to deliver faster answers and greater value. By continuously searching for better ways to do things—as opposed to just fixing things that break—HPE Pointnext Tech Care helps you focus on achieving your business goals.

[HPE Pointnext Complete Care](#) is a modular, edge-to-cloud IT environment service that provides a holistic approach to optimizing your entire IT environment, and achieving agreed upon IT outcomes and business goals through a personalized and customer-centric experience. All delivered by an assigned team of HPE Pointnext Services experts.

HPE Integration and Performance Services help you customize your experience at any stage of your product lifecycle with a menu of services based on individual needs, workloads, and technologies.

- Advise, design, and transform
- Deploy
- Integrate and migrate
- Operate and improve
- Financial Services
- Greenlake Management Services
- Retire and sanitize
- IT Training and personal development

Other related services

[HPE Education Services](#) delivers a comprehensive range of services to support your people as they expand their skills required for a digital transformation. Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.

Defective Media Retention is optional and allows you to retain Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

HPE GREENLAKE

[HPE Greenlake](#) is HPE's market-leading IT as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model. HPE GreenLake delivers public cloud services and infrastructure for workloads on premises, fully managed in a pay per use model.
